SECOND ANNUAL INVITATIONAL GOLF TOURNEY AT ISLES

On November 17 and 18, 1956 the Pass Christian Isles Golf Club will hold its second annual Invitational Tournament. This is the Gulf Coast's newest course and one of the best. In the short space of 3 years, Alex Cunningham, as Pro, has given us an 18 hole course that we are proud of, and one we think you will enjoy playing. While actually not being too difficult, the 6315 yard course is a challenge to all par golfers—the present course record is 69 held by R. B. "Dick" Merritt, our club champion.

Although tournament play will be only one day, Sunday, November 18th, the course will be open for all who have registered and want a practice round. Following play on Saturday there will be one of the Club's Barbecue Suppers—old fashioned pit barbecue which has become a club specialty.

The tournament will be played in four classes each for men and women. All certified handicaps and entry fees should be in by November 15, 1956.

For Men:
Class A—Handicap 11 and under
Class B—12 to 17
Class C—18 to 24
Class D—from 25 up

For Women:
Class A—Handicap 12 and under
Class B—13 to 19
Class C—20 to 26
Class D—from 27 up (Nine holes)

There will be many valuable prizes in all classes. Players are eligible for one prize only. The entry fee of \$7.50 entitles you to all activities at the club both Saturday and Sunday. The price of the barbecue for non-golfers will be \$2.00. Please make checks payable to the Pass Christian Isles Golf Club and mail to P. O. Box 434, Pass Christian, Mississippi.

If we can help you with reservations, let the club know. The seven nearest motels and hotels are: Pine Lodge, Holiday Inn, Catalina, Gulf Palms, Cunningham's and Old South (formerly Hotel Miramar) in Pass Christian, and Hotel Reed in Bay St. Louis.

Russell J. Elliott, American Legion Post Commander No. 159 was appointed Co-director of the Special Americanism Committee and Activities for Mississippi by State Commander Jack Pace.

CHARGES WITH SUPPRESSION COSTS IN FOREST FIRES

A recent fire which originated from trash being burned on Dunbar Avenue and which recently damaged 14 acres of timber land was suppressed by the Forestry Department.

At the time of this fire, Area Forester Marion Purker, said the department would endeavor to collect suppression charges from the person or persons responsible for starting the fire. Although not intentional numbers of fires, resulting in damage to thousands of dollars in loss of timber occur yearly from carelessness, others

liary this season will be assistance to the Council in staging the Flea and Fly Classic. Their second project will be in assisting with Christmas baskets.

From Malicious Intent

Purker was able to collect the charges for suppression on this particular fire. There is a law which reads:

Law, 1946, Chapter 219.

Fire Suppression, Fire declared on person's land—damages—6046.

Any fire on any forested, but over brush lands or grass lands burning uncontrolled, is hereby declared a public nuisance by reason of its menace to life and property. Any person, firm or corporation negligently or willfully and maliciously responsible for the starting or the existence of such fire on land other than his own is hereby required to control or extinguish it immediately, and if said person, firm or corporation willfully refuse, neglect or fail to do so, any organized fire suppression agency recognized by the Mississippi Forestry Commission, may summarily abate the nuisance thus constituted by controlling or extinguishing the fire. The costs of abating such nuisance, with all costs and reason-

able attorney's fees to be assessed for such nuisance by such agency in the proper court. Action for said recovery to be filed in the agency, abating the nuisance. Provided that this act shall not impair any remedy now allowed by law.

Purker further said all future fires in the county will be investigated, causes determined and all persons responsible for the setting of such fires will be subject to court action where necessary.

Last year Hancock County suffered from the loss of 11,000 acres of timber and pulp wood fires. Some of these were started unintentionally, others found

Mississippi has an allotment of \$4,196,000 and Louisiana \$4,196,000. The federal government has been authorized to make a total of \$8,392,000 available for the program under the act.

Under the program, the federal government will pay approximately one-third of the cost of hospitals and public health centers. In later years, this has been increased generally to about two-thirds of the cost. The program also has been expanded to include other medical facilities such as nursing homes and rehabilitation centers.

Of the 96 Louisiana projects involved, 91 are in operation. Of the 102 Mississippi projects involved, 100 are hospitals and 83 have been completed.

The Mississippi hospitals built or under way add a total of 3,529 beds to the hospital capacity in that state. In Louisiana the program has added 3,588 beds.

Did I hear a call for help?

All Mississippians should be concerned with Tommy Telephone's predicament: the rising tide of telephone costs which already have him over his depth!

Since 1949, two items - a wage rate increase and an income tax increase - have added over \$4 million a year to Southern Bell's operating costs in Mississippi... and cost increases connected with additional investment account for another rise of \$3.5 million a year.

Against this increase in yearly costs, additional revenue from rates amount to about \$3.5 million a year - falling by \$4 million a year to keep pace with our increased costs!

That's why we have asked the Public Service Commission to make a thorough study of our revenue needs... and to set rates that will be fair to telephone users and to the Company. Yes, we need fair rates so we can continue to provide present and to expand our network of service lines to provide for the State's growing telephone needs.
